

COEXISTENCE & WILDERNESS CONSERVATION

TRAINING LARGE CARNIVORES & EUROPE'S LAST PRIMEVAL FORESTS

ERF and Foundation Conservation Carpathia (FCC) cooperate to train ERF Rangers to gain practical experience in the work areas of FCC Rangers and Conservationists, including

- Successful ways of coexistence between large carnivores and local communities
- Protection and reforestation of Europe's largest contiguous forest wilderness
- Wildlife conservation and reintroduction of key native species
- Community outreach & conservation enterprises as sustainable economic opportunities for locals

The training will be held in English; inscription fee: 100€

Venue: various hotspots of FCC work in the southeastern Carpathians
